WELCOME TO THE GOLDEN SKILLS NEWSLETTER!

So, what is the GOLDEN SKILLS project about? As the currency symbols in the logo imply, this project focuses on financial literacy through online learning resources.

The GOLDEN SKILLS project intends to provide parents with the right tools and knowledge to be able to educate their children about finance and financial literacy. Financial literacy is a key competence and needs to be regarded as such. It is as essential a skill for inclusion as any other form of literacy.

THE PARTNERS

The GOLDEN SKILLS project is developed by five experienced partners from five EU countries:

- ZV VHS PASSAU (Germany),
- FUTURE IN PERSPECTIVE (Ireland),
- Ustanova za obrazovanje odraslih DANTE (Croatia),
- AKLUB Centre of education and counselling (Czech Republic) and
- ARPIS Reginal association for the social inclusion (Spain).

PROJECT RESULTS

The five partner organizations will develop four free online learning resources that will be available in all partner languages:

- **Project Result 1** - 32 teaching tools for teenagers aged 13 to 19 focused on eight key financial literacy topics
- **Project Result 2** – Infographics for each of the topics presented in PR1
- **Project Result 3** – Programme for parents that will support them in teaching their children about financial skills for real life
- **Project Result 4** – Digital portal that will support innovative online course-ware
