

### IN THIS NEWSLETTER

This is the second newsletter about the GOLDEN SKILLS project. It contains information about the meeting held in Virginia, our current progress, and events to come!

### ABOUT THE PROJECT

Let's start by repeating what is the GOLDEN SKILLS project all about. It intends to provide parents with the right tools and knowledge to be able to educate their children about finance and financial literacy.

Financial literacy is a **key competence** and needs to be regarded as such. It is as essential a skill for inclusion as any other form of literacy.

### ADULTS EDUCATORS INTERNATIONAL SEMINAR

AKLUB, the Czech partner organization, will host an **Adult educators International Seminar** in Opava from the 19<sup>th</sup> to the 21<sup>st</sup> April 2023.

At this event, the Educational Programme for parents will be presented. Participants will learn how to use Golden Skills online portal and about the importance of digital educational tools in financial literacy education.

Ten teachers (two from each partner country) will attend this transnational training event.

### WHAT HAVE WE ACHIEVED?

The five partner organizations are currently working on finishing **Project Results 1 and 2**, which consists of 32 teaching tools and infographics dealing with **eight financial literacy topics**: Money and its everyday meaning, Budgeting and personal financial management, Financial mathematics, Income and earning money, Spending money, Saving money, Borrowing money, Financial education and its importance for an independent life.

The partners will finish these resources by January and all of them will be available in all partner languages later.

# GOLDEN SKILLS

## SECOND MEETING IN VIRGINIA

The second meeting of the GOLDEN SKILLS project partners was hosted by FIP (Future in Perspective) in Virginia in December 2022. All partners from the five involved countries discussed the development of the project, the work on the project results and important deadlines.

The third meeting is scheduled to take place in Spain in June 2023 and it will be hosted by ARPIS.
