### ABOUT THE PROJECT

Let's begin by reiterating the essence of the GOLDEN SKILLS project. Its primary aim is to equip parents with the necessary tools and knowledge to effectively educate their children about finance and enhance their financial literacy. Financial literacy, being a fundamental competency, deserves equal recognition alongside other forms of literacy. It plays a crucial role in fostering inclusion and should be acknowledged as an essential skill.

### LTTA IN OPAVA

The Learning, Teaching, and Training Activity (LTTA) for Golden Skills successfully took place in the city of Opava, Czech Republic, spanning from the 19th to the 21st of April 2023.

Participants actively engaged with the developed resources and explored the functionalities of the online platform firsthand. As a delightful addition to the event, they had the opportunity to visit two enchanting Czech castles, further enriching their experience.

The LTTA fostered collaboration, knowledge sharing, and hands-on exploration, amplifying the project's mission of promoting financial literacy.
